Priority Enrollment Course List

Winter 2010

Updated: December 22, 2009

The following class lists and wait lists reflect registrations submitted as of December 18, 2009. The criteria for setting these lists include the following: (i) whether the course is required for the student's program; (ii) how far along the student is in their program; and (iii) the order of registration.

A number of priority enrollment courses still have space available. Students may register for any course as late as January 22, 2010. As a courtesy to other students and faculty, students are asked not to drop a priority enrollment course after the course begins. Nevertheless, **the first two students on any waitlist are advised to attend the first class session, in the event that space becomes available.**

Seminar: Marketplace Theology (APPL/INDS 741)

Enrollment Limit: 9 students

081380	207182	079500
